Karen,
It's been awhile since I've written you but I've been busy growing you hope you've been growing too. I hope you've had a great summer. Mine's been great. I've been to the beach a lot & had a blast. Maybe I'll see you this summer too. I think you're real sweet & globes of fun

Love, Karen

Karen,
A truly wonderful girl who's been a real blast knowing. Lots of fun this summer. I will see ya next year.

Love, Laurel

Karen,
I have enjoyed knowing you. Hope to see you in Wisconsin next year

Mike Brown

Karen,
Well its Campside again & time to say goodbye. I'm glad I've been able to know you. Just think of all the interesting things we have been through. I'm glad we've been friends. I'll probably see you this summer.

Love Tammie

Karen,
It has been so much fun this year. Just think next year we will be out of school. "Can't wait". Really, I have had fun knowing somebody with the same name as mine. Sure hope we don't get in any more trouble with other Curtis next year. I was really surprised to hear I had Romatic fever.

Have a blast this summer. Seeya.

Love Pat

Karen,
We've had lots of fun this year hope it will be the same next, if I'm a senior.
Dawn

Karen,
I have known you a long time and I think you are a wonderful girl. Remember when we were in Miss Doziers and Mr. Moores? Especially in 9th grade. It just doesn't seem that all those years have gone by.
Best of Luck

■ **Hats Off!** A deep and respectful bow in the direction of all the wonderful people of Wilson! A salute to the students and faculty who have made all of us proud of our beloved Woodrow Wilson High School. We think the efforts of everybody connected with Wilson have been successful, and we think recognition is due. Surely the Seniors, now ending their years at Wilson, deserve a "Well done." Hats off to them! And what of the underclassmen who have done the work which, in time, will lead them to the proud estate of Seniors? We say, "Hats off to the Juniors! A salute to the Sophomores!" We believe that the purpose of a yearbook is to give recognition to the people and their qualities which have made the year past both successful and pleasant. This book is our way of saying "You've done a good job. You've made Wilson a wonderful school. Our Hat's off to all of you."

■ **SCHOOL SPIRIT** is considered by some to be the attitude shown by the pepster groups and rooting sections at the football or basketball games. Others would include the observance of school traditions and support of school functions such as rallies, school dances, and fund raising events in their definitions. Both such concepts are, however, too limited to comprise a broad definition of school spirit.

It is true that support of athletic teams, especially if they are losing, gives us an indication of school morale. The degree of participation in other functions also shows how students regard their school. But in a complete analysis we must broaden our definition to include everything that students say or do with respect to their school. Attitudes in the halls, in the patio or on the athletic field are important. The relation of students to each other and to the teachers is a part of school spirit. The feelings of the newest sophomore are as vital as those of the most popular senior.

The pages of this book attest to the many activities of our students; they are a detailed record of Wilson spirit. It has never been better. "Hats off" to the students of Woodrow Wilson.

■ **The center** of Wilson's extra curricular life is the activities office. Here our activities and student calendar are arranged. In the morning this office is the base for all announcements and plans for the day. As busy as Grand Central Station, our activities office is the headquarters for the government class and keeps the files for all Wilson governing bodies. Special meetings are often held in the outer activities office, and our activities desk is the center for all information concerning Scholarship, Girls' League and Club activities. Many are the people coming in and out throughout the day to view the Social Club Bulletin Board. Here, announcements are posted concerning the present and future plans of the Social Clubs. This office, under the able guidance of Mr. Ericson, is the hub in the wheel of Wilson Life.

Karen,
We've really had a ball in Ami this year and I've enjoyed every minute of it. At first I thought you were a Senior but I'm glad you're not so we will be together another year. Good luck always in everything you do.
Love,
Jane Wheelock

Karen,
Already I feel like an old "grad". It's going to be hard to leave the club & my Ami sisters although I'll be going to State it will be difficult to come to meetings & see everyone. I have always had so much fun with you & I'll remember it throughout my next years. I'll never forget our double date you & Andy & Lon & I. What a blast! Although I never really got to go out with Lon it was a great night. Have fun in Ami next year & I hope I'll see you after the school year starts. I'll see you this summer for sure!

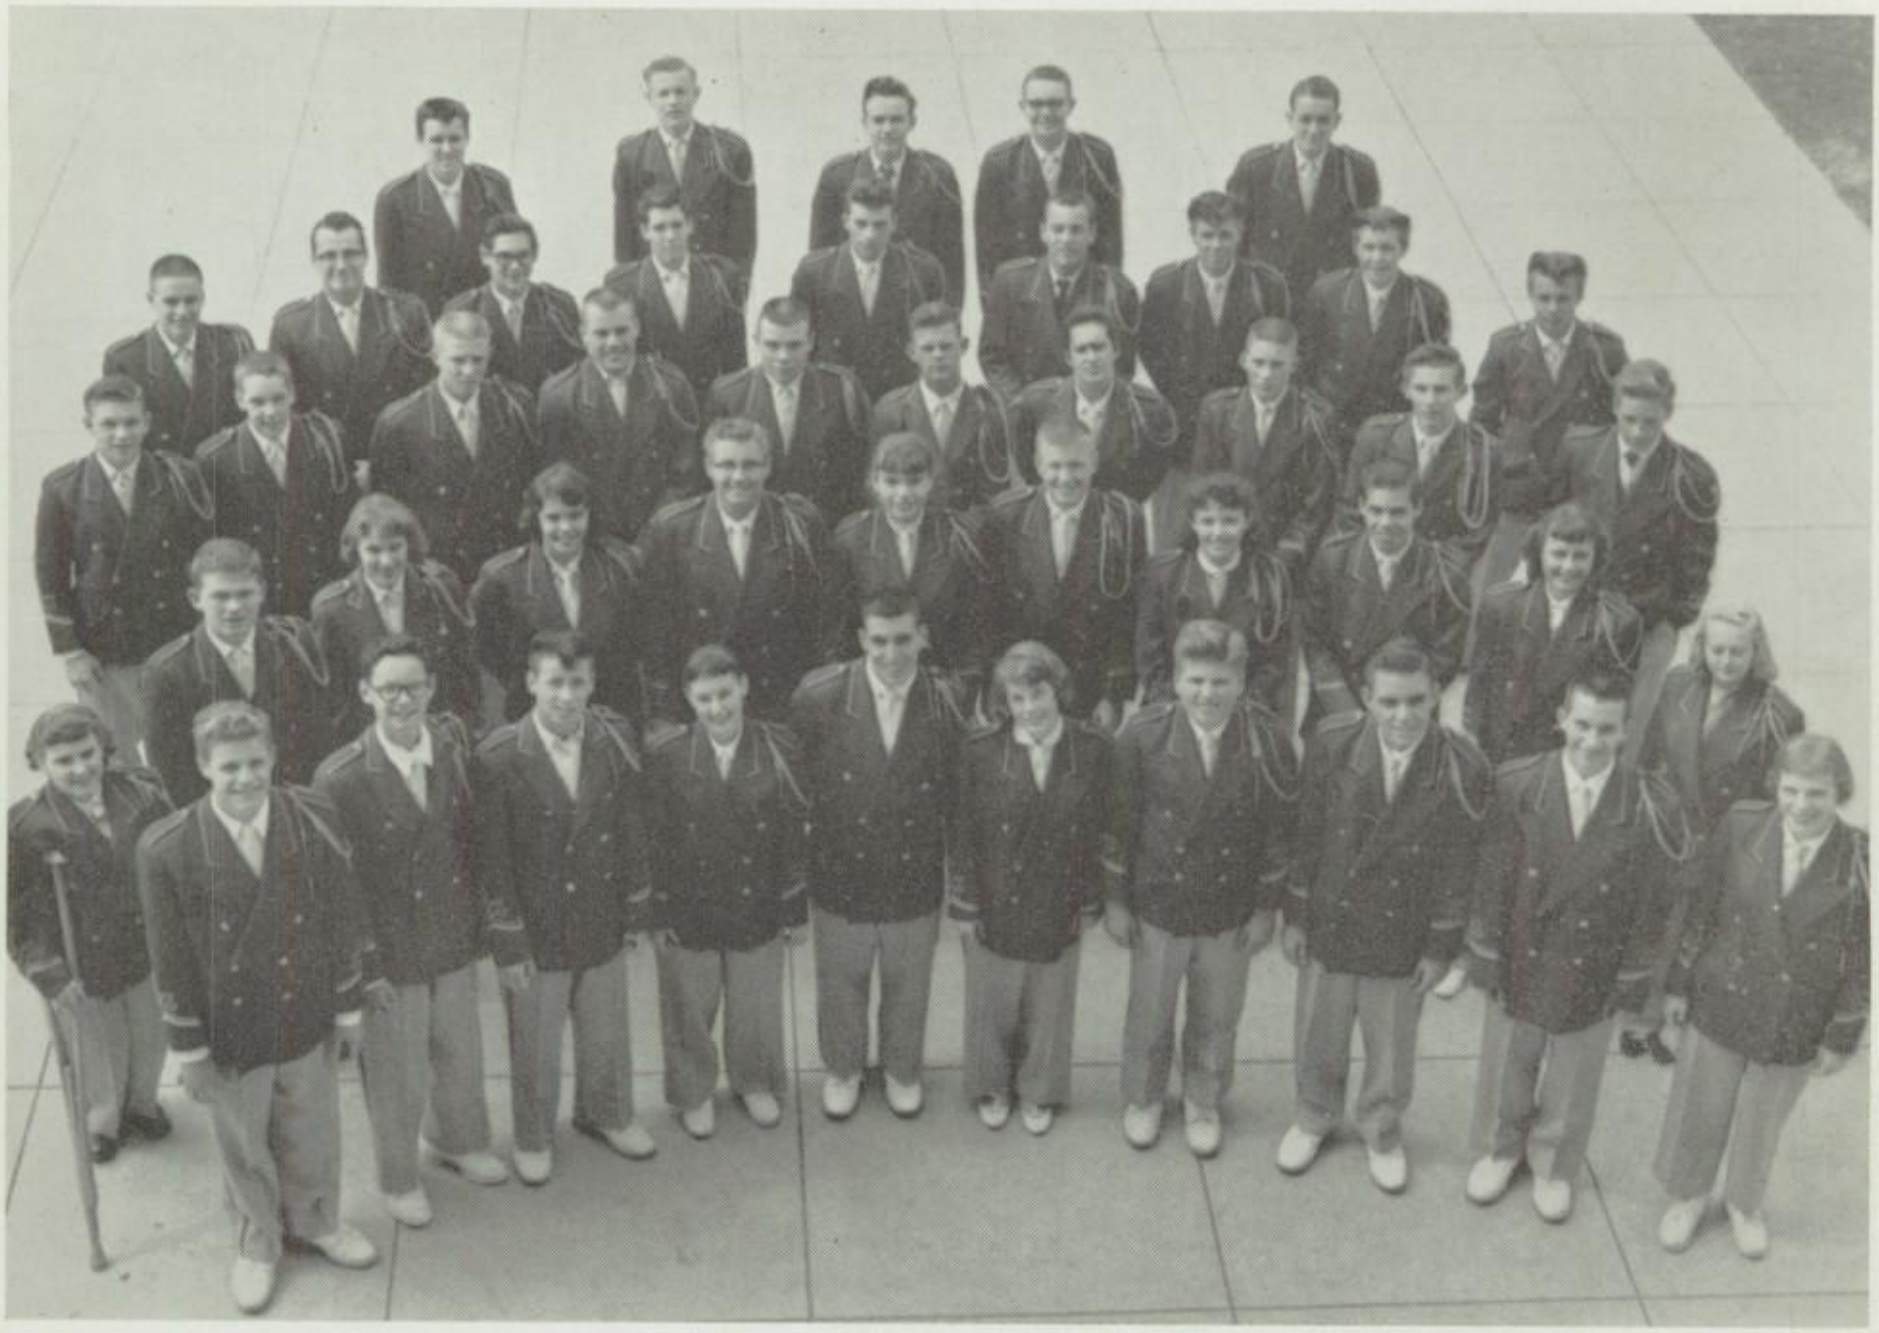
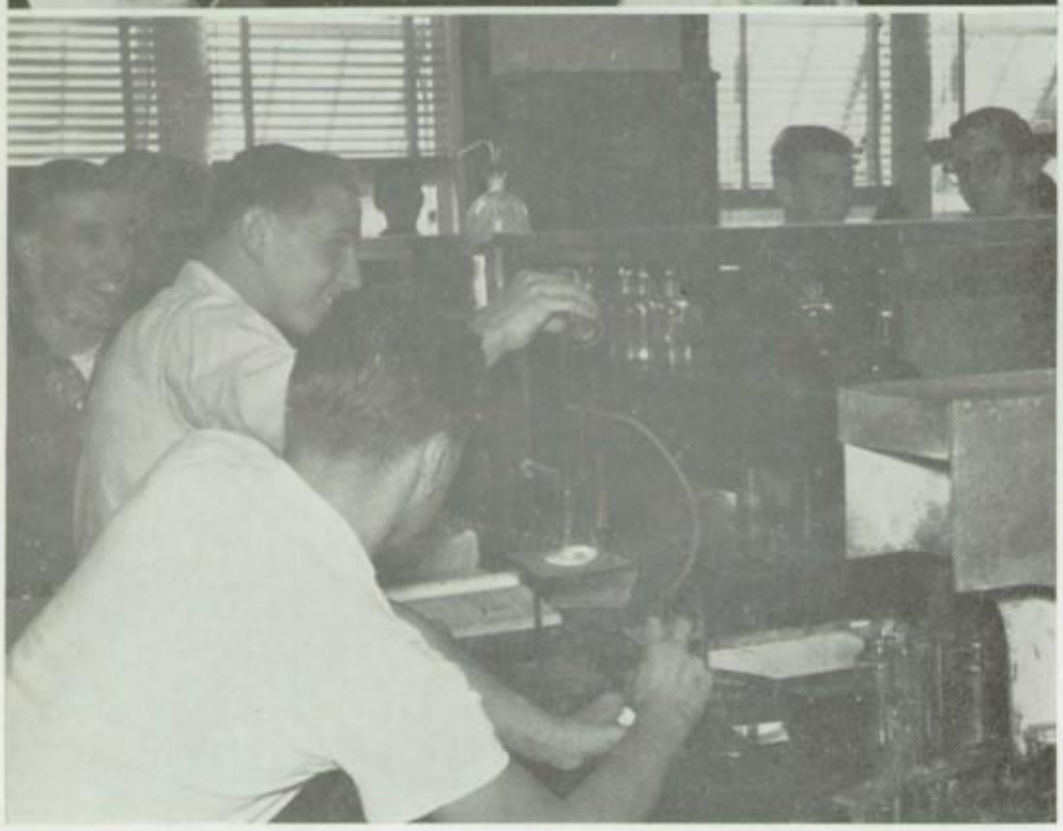
BAND



■ **Wilson's instrumental music** groups, under the superb direction of Mr. Nicholas Furjanick, have again demonstrated that Wilson stands alone in the quality of high school music groups. The orchestra was most highly honored when twenty-two of its members were selected in a district wide competition to play in an all-district orchestra. The band, in its work at football games, pep rallies, basketball games, and in the traditional spring concert, has again shown that Wilson music is the best. Hats off for a job well done!

MR. FURJANICK

SCIENCE



■ **OUR SCIENCE DEPARTMENT** this year has undertaken a most broad and valuable curriculum. The study of insects, acids, and leaves; calipers, thermometers, and barometers; atoms solutions, and beakers—all have become meaningful and familiar to Wilson science students. It cannot be in question that the individuals who emerge from the science halls have a greater understanding of their own composition and that of the world about them. Who knows that from these corridors there did not step a new Marconi, some future Pasteur, and incipient Edison, or, perhaps, even an Einstein. The Wilson Chemistry and Physics teams explore situations above and beyond normal classroom procedures. From their demonstrations and competitions much additional knowledge and achievement are gained.

SOCIAL STUDIES

ECONOMICS

U.S. & G.

SOCIAL LIVING

Learning about democracy, history and social problems are all a part of these three different classes presented throughout a student's term at Wilson. Social Living includes the study of governments in different countries and of their leaders. As the days rolled by in U.S. & G., a genuine respect for democracy grew out of this subject that specialized in tracing and explaining America's struggle for her government. The seniors viewed economic and social problems having to do with the present and the future.

The three subjects are among the most important ones offered at Wilson. They symbolize the true teaching of democracy in the United States, and, thus, are found to be essential to the student's program.

ART

■ **The Art Department** at Wilson, headed by Mr. Valentino, is a productive one. Classes in Stage Craft and Stage Crew make Wilson's dramatic productions possible; while courses in Crafts, Advertising Art, and Painting and Drawing produce eye-catching results.

DRAMATICS

Karen,
Well, another year has gone by and only one more to go then we'll be graduates, I hope. We have had lots of fun and I hope it continues. Gee whiz it sure would be fun if we could get together this summer and take Sherree with for a rampage on the Pike. Only kidding! Be good and have fun this summer,
Love ya,
Barbara

ENGLISH

■ **Pronouns aren't photogenic**, but Diane Cross, shown in one of Mr. Cytron's Public Speaking classes, is. We use that to illustrate the splendid English program at Wilson. Classes in English, where composition, literature, and grammar are stressed, are required for Sophomores and Juniors. Seniors, facing the rigors of English placement exams, learn Grammar and Composition and English Lit. In addition to these regular English classes, the department offers courses in Public Speaking, Oral Expression, Dramatics, and Journalism.

FRENCH

■ **WILSON STUDENTS** are well aware of the shrinking world they occupy and know the importance of learning, how other nations speak and live. Spanish, French, German, and Latin are among the foreign languages offered here at Wilson. In these classes the students are taught versatility with the languages, and are also acquainted with the ancient and modern culture of the countries. The objectives of these classes are to stimulate interest in the language, and to present enjoyment for the students.

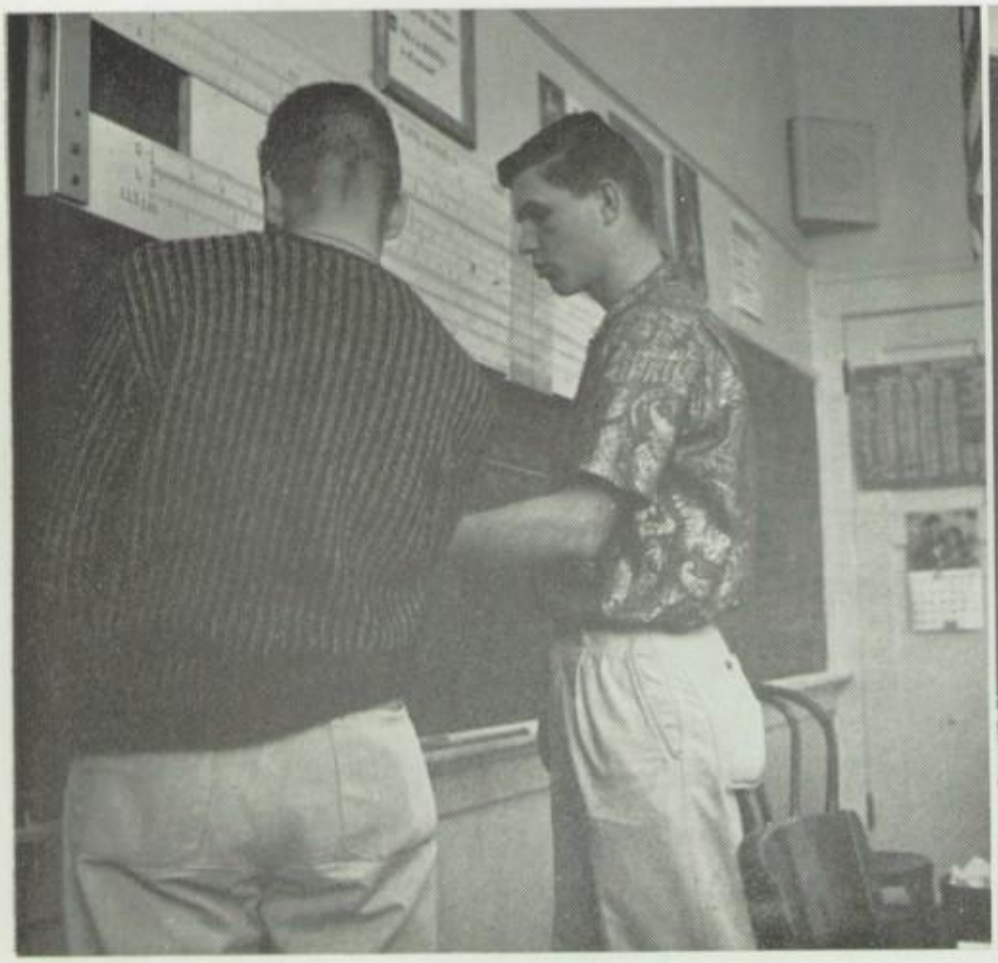
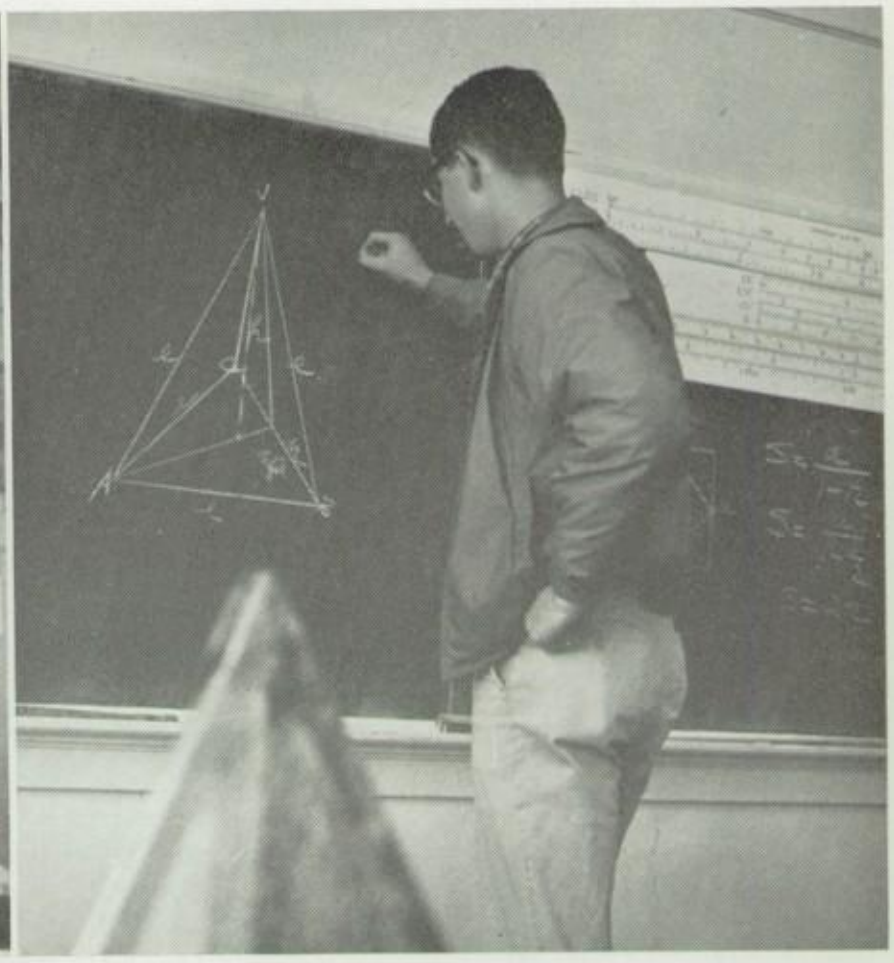
MATHEMATICS





■ **Future scientists** and engineers have a chance to obtain their basic skills in mathematics in Wilson's fine Math Department, headed by Mr. Bakken. Advanced Algebra, Solid and Plane Geometry, and Trigonometry are among the courses available for those interested in advancing in mathematical knowledge. In addition to the regularly scheduled classes, students desiring to progress even further in math are eager members of the math and slide rule clubs, where advanced techniques in math and in the use of the slide rule are the reasons for being.

The Loudspeaker, Wilson's student newspaper, edited, produced, and printed by students in Wilson's journalism and printing classes is widely recognized as one of the finest high school newspapers in the area. Directed by Kathleen Fenberg, the Loudspeaker has consistently placed high in journalism contests for student newspapers. Published every two weeks, each issue of the "static" is eagerly awaited by the Wilson reading public for the coverage given news of student interest. Hats off to Mrs. Fenberg, Mr. Morrison, Pat Bennett, and the entire Loudspeaker and printing staffs for a well done!

■ **It happens every spring.** There is a maddening rush of page proof, lost cuts, wrong font type, late pictures and the sincere belief that it is not within human power to get the book out. Somehow, some way we usually make it. May this spring prove no exception. At any rate, here it is. We tried. We hope you like it. This is our cue to thank people. The students for buying our book and standing where we told them to; the teachers for tolerating picture schedules and announcements; Dr. Keely, Mr. Wattelet, Mrs. Lugli, and Mr. Morrison for the support, encouragement, and assistance they have given us.

Saved for Keri

Dear Missy

Its going to be hours before I finish this little note of all the fun we've had together over our two years at Wilson. I'm so glad we met and became such good friends and I know that our friendship will continue on through the many years to come. And of course we are going more schools together after we in and maybe later. I remember when we first met by classes together in our sophomore year. I remember now you Bob and use to the things he took all the such as I really didn't know Bob to well or and etc. that matter but as we got acquainted you for Gym class I also got to know Bob in our two different people came into the scene better also. But Andy and Jerry, now those two boys their names being were two I thought were really sharp but as you confided in me of your troubles about the decision on which one of the two you really like. I tell you it was hard to keep up with it all (the two boys I mean) but I enjoyed it all. I also remember that same sophomore year when I went with Steve and all the times that you and wanted to do things together and with the girls and Steve always seemed to be over or interferring with our plans. But of course we were going steady. So I guess there was much I could do about that until that summer after Steve and I broke up. We really had fun that summer going to the Beach, Lagoon, Movies with the gang, and the Bay. Oh remember remember the time at the bay when Russ Poe took us cruisin through the Canals in his boat and how we both almost lost our swim suits being toed in Canal waters in Naples. That was fun.

I remember how scared I was when I went to my first rush for Yoga with You and Deane. It was really fun and the pledging was pretty rough but I went through it O.K. I remember when we would sneek off to the beach during my pledging and still had fun that summer. Well school's almost

Saved for Sheri;

starting and we both had ~~our~~ our Brunettes ~~our~~ uniforms made and finished. Oh I'm so glad we made Brunettes together, I guess it was that Lucky Teddy Bear of yours. We had a Blast! going to all those football games and after-the-game dances. There was a great budding romance between you and Jer which was more or less continued from that end of the Sophomore year. It was really fun watching you two together having fun. My romance wasn't quite budding at that certain time but it wasn't far from bloom. I remember doubling with you but it was with you + Jer and me + Jaun. Those were fun times and I had real fun always. Then finally you and Jer ~~-~~ invited Ron and I to the Omi Private Party. That was our first date and from that time we went on doubling together to dances, drive-ins, and Private parties we had good times and fun all four together. Then things changed and it was you + Billy and John and I. I missed the Acco P.J. Jump but saw you after dance at Beany's (of all places) that was fun, I was with John. We always had fun no matter ~~who~~ who we were with. Thats just the way it is with us.

All the Yoga parties and kidnap breakfasts and dances. Remember the time we rode home in the back of Kim's car trunk and almost were thrown out. Oh well thats only one of our crazy adventures. Another was on New Years Eve my mom and dad were having a small party and we really spiked our cokes and Ended up down on Kimono half drunk. It was exciting, fun, and ~~almost~~ something we wouldn't do except on New Years. Then came try-outs for Song Flag, ~~for~~ Guard of Honor and Brunettes for Senior Year. Although we didn't make Song or Flag we did make finalists which was pretty good. Then came Guard of Honor which we had fun doing at the last week of school, getting out of all those classes. Of course we got a way with doing that at other times but ~~then~~ Mr. Sade was a good friend of ours so we didn't get caught. Then best of all I made Omi Welfare Club. I was so happy now I was to be not only your sorority sisters but also be your Welfare club sisters. I'll never forget my informal initiation for Omi. When we (Ming + Omi) took off for Balboa. That was really one blast at 4:00 A.M. Oh Well you can

See we have had many fun times together and their will be many more ahead of us and believe me we're going to make our Senior Year our "Best." Susie your one cute gal and I am sure happy to have you as such a good pal. This we will always be! Say gal if I catch you batten those beautiful eyes around any my boyfriends I am afraid they'll be lost to the cause. Oh well I can't win just every time. Say "Hooty" "Cutie" all kidding aside our best years are ahead of us and the past is far behind lets keep it that way O.K. I think what's ahead of us is pretty darn good (If you know what I mean)

Dear Karen-
I'm writing on the life page cuz you know so much about it! Thank you so much for all the great advice you've given me. It's been a lot of fun knowing you this year and I hope you had fun too. I gave that little kitten to a girl that lives down the street & it was sweet, wasn't it. I remember that little trip around Hody's - Linda & I had a lot of fun. I'll see you alot this summer and I hope we'll be better friends.

Love ya lots,

■ **A DAY FOR TEARS**, a day for cheers—this was Wilson's Homecoming. The day began with the registration of alumni in a red and gold patio. In the afternoon our beautiful Queen Joanne Schweighofer was crowned at the Homecoming pep rally. Her princesses, Linda Arnold, Sally Brown, Camille Glogauer, and Barbara Humphries were presented and crowned at the rally. Starting with a pep rally at the corner of Tenth and Ximeno, Wilson pepsters led the cheers for our "Great Bruin Varsity's" victory over Poly. Ming's Homecoming—Alumni Dance provided the ending to a perfect day.

These groups, along with wearing their uniforms on color day to promote school spirit, have been trying to make this year the **best ever.** The pepsters appear in almost all school activities, pep rallies, and games. The Sophomore picnic and assembly, Milk Bowl game, Homecoming and the CIF play offs, are some of the activities the pepsters have enjoyed participating in this year.

■ **Plagued by a lack** of height and experience, Coach Bob Robbins' Varsity basketball squad nevertheless made themselves a power to be considered in Moore League Circles this season. Hustle, determination, and a never-say-die spirit made the Bruins definite threats to bigger, more experienced opponents. Paced by Casey Cox, an all-city choice at center, and with a trio of hustling guards in Monte Prosser, Gary Shindler, and Alex Woodard and strong rebounders in Peterson, Boyd, and Rope, the Casabamen of Wilson reached their high point in carrying a heavily favored Poly team to an overtime before bowing.

Dear Karen

Remember when you and I Slept in the bath tub

Dear Karen

Remember when you and I, Robin and Sherrie decided to leave the Bruin Den and walk to Hodys. That little cat we rescued was sure cute and then remember sitting on the bench, watching all the boys go by. We've had a lot of the fun and your friendship has seemed to make school much more enjoyable. You have a sparkle that makes everyone happy and you have a personality to fab. **Dear**

Remember when you and I You're so cute too. But I don't have to tell you how neat you because everyone had done that before me. I hope you have a great time at Disney land and we have to do plenty of things this summer together. I am so glad that I made Ami and was able to meet you. O'well that's enough blab so I'll close **Dear**
